Subject: Discharge for the Board year 2023

According to the statutes we present you with the approved annual report of 2023. We ask that you confirm this report and give discharge to the Board.

We include the following documents:

Decisions made by the Board in 2023 :

- Annual report 2023, approved by all Board members

Our year balance gave a small negative of € 2042, mostly due to three-year hiring a church worker's salary, but we had a ROI on our investment in TOV organization (helping the poor with food, support, clothing and outreach) of € 13000 over an investment of € 75000. Donations were up 6,2 % compared to 2022. With that we were quite blessed and thank God.

We hope the annual report, and attached explanations, are clear enough. If you would like more specific information, we are of course willing to provide it.

Warm regards,

Chairman of the Board, Mr. F.Th.J. Danenberg
